1 tbsp	Sesame Oil
½ cup	XO Sauce
½ tbsp	Potato Starch
½ cup	Chicken Stock
2 tbsp	Chili-Garlic Sauce
1 tbsp	Soy Sauce
½ cup	Green Onions, Chopped
2 tbsp	Sesame Seeds

## METHODS

### STEP 1

Place shrimp and scallops in separate medium microwave-safe bowls and cover with at least 2 inches of boiling water. Set aside to soak for a minimum of 1 hour or up to 2 hours. (Alternatively, you can soak the shrimp and scallops in cold water overnight in the refrigerator.)

### STEP 2

Drain shrimp completely. Drain scallops, leaving 2 tablespoons (30ml) soaking water along with the scallops in the bowl. Cover bowl with a microwave-safe plate and microwave on high heat until scallops are tender and easily break apart when pinched between your fingers, about 3 minutes.

### STEP 3

Drain scallops of remaining liquid and transfer them to the bowl of a food processor. Pulse scallops 7 times, until just broken into thin strands, then transfer back to their original bowl. Add shrimp to food processor and pulse 10 times, until coarsely chopped. Transfer shrimp back to their original bowl. Finally, combine garlic, shallots, ginger, and Thai chilies in food processor bowl and pulse 12 to 15 times, until finely chopped but not puréed. Set mixture aside.

### STEP 4

In a large Dutch oven, heat vegetable oil over medium-high heat until shimmering. Add ham and cook, stirring frequently with a heat-resistant spatula or wooden spoon, until ham is crisp, 3 to 5 minutes.

### STEP 5

Add scallops to pot and continue to cook, stirring frequently to separate strands, until scallops are lightly golden, 3 to 5 minutes. Add shrimp and continue to cook, stirring frequently, until seafood is a deep golden color, 7 to 10 minutes. The oil in the pot will be very bubbly during this stage, making it difficult to see what is going on in the bottom of the pot, so you will need to occasionally use your spatula or a slotted spoon to pick a spoonful of the mixture up out of the oil to check its color.

### STEP 6

Add vegetable mixture to pot and continue to cook, stirring frequently, until vegetables are golden brown and fond begins to form at the bottom of the pot, 8 to 10 minutes. Add ground dried chilies and cook until aromatic, about 30 seconds. Deglaze with Shaoxing wine, scraping up any brown bits stuck to the pot.

### STEP 7

Stir in chicken broth, oyster sauce, soy sauce, brown sugar, and star anise and continue to cook at a rapid simmer until mixture is thickened and most of the liquid has been absorbed into the sauce, leaving a thin layer of bubbling oil on the surface of the pot, 12 to 15 minutes. Remove from heat. Once XO sauce has cooled, divide into jars and store in the refrigerator for up to 1 month. Bring to room temperature before using.

### STEP 8

Heat a fryer to 180°C or 375°F, fry the American Frozen Potato Wedges until they are golden and fully cooked about 4-5 minutes. Keep warm while heating the sauce.

### STEP 9

In a large sauté pan, heat the sesame oil over medium high heat and add the XO sauce. Combine the potato starch with the chicken stock and add to the pan, whisking until the XO is well mixed with the chicken stock and the mixture is slightly thick. Remove from the heat and add the chili garlic sauce and the soy sauce.

### STEP 10

Toss the crispy fries in the XO flavored sauce and garnish with the green onions and the sesame seeds.

Top each potato patties with 50 grams of the hot bulgogi followed by 25 grams of prepared kimchi and a poached egg on top of the kimchi and bulgogi. Place two small heads of steamed Bok Choy on the plate next to the benedict and drizzle the top of the eggs with the Hollandaise sauce, about 30-40 grams each or to taste. Garnish with leek or chive blossoms, and serve right away.

### FOR CABBAGE KIMCHI

1	Cabbage
¼ cup	Kosher Salt or Sea Salt
1 tbsp	Grated Garlic
1 tsp	Grated Peeled Fresh Ginger
1 tsp	Granulated Sugar
2 tbsp	Fish Sauce or Salted Shrimp Paste
1-5 tbsp	Korean Red Pepper Flakes (Gochugaru)
30 g	Korean Radish or Daikon Radish, Peeled and Cut into Matchsticks
4	Medium Scallions, Trimmed and Cut into 1-inch Pieces

**STEP 1**  
Cut the cabbage lengthwise through the stem into quarters. Cut the cores from each piece. Cut each quarter crosswise into 2-inch-wide strips.

**STEP 2**  
Place the cabbage in a large bowl and sprinkle with the salt. Using your hands, massage the salt into the cabbage until it starts to soften a bit. Add enough water to cover the cabbage. Put a plate on top of the cabbage and weigh it down with something heavy, like a jar or can of beans. Let stand for 1 to 2 hours.

**STEP 3**  
Rinse the cabbage under cold water 3 times. Set aside to drain in a colander for 15 to 20 minutes. Meanwhile, make the spice paste.

**STEP 4**  
Rinse and dry the bowl you used for salting. Add the garlic, ginger, sugar, and fish sauce, shrimp paste, or water and stir into a smooth paste. Stir in the gochugaru, using 1 tablespoon for mild and up to 5 tablespoons for spicy (3-1/2 tablespoons is a good medium heat); set aside until the cabbage is ready.

**STEP 5**  
Gently squeeze any remaining water from the cabbage and add it to the spice paste. Add the radish and scallions.

**STEP 6**  
Using your hands, gently work the paste into the vegetables until they are thoroughly coated. The gloves are optional here but highly recommended to protect your hands.

**STEP 7**  
Pack the kimchi into a 1-quart jar. Press down on the kimchi until the brine rises to cover the vegetables, leaving at least 1 inch of space at the top. Seal the jar.

**STEP 8**  
Place a bowl or plate under the jar to help catch any overflow. Let the jar stand at cool room temperature, out of direct sunlight, for 1 to 5 days. You may see bubbles inside the jar and brine may seep out of the lid.

**STEP 9**  
Check the kimchi once a day, pressing down on the vegetables with a clean finger or spoon to keep them submerged under the brine. Taste a little at this point. When the kimchi tastes ripe, transfer the jar to the refrigerator. You may eat it right away, but it's best after a week or two.

### FOR GOCHUJANG HOLLANDAISE

4 tbsp	Fresh Lemon Juice
4 sticks	Hot Melted Butter 32 tbsps)
4 tbsp	Gochujang (Korean Hot Pepper Paste)
4	Egg Yolk

### FOR KOREAN BEEF BULGOGI

(YIELD = 2KG)

2 kg	Beef Tenderloin, Sliced Thinly into Pieces ½ inch by inches and 1/8-inch thick
------	--

### MARINADE

(FOR 2 KG OF BEEF)

3 cups	Pureed Pear
1-1/2 cup	Onion Puree
24 cloves	Minced Garlic
2 tbsp	Minced Ginger
6	Chopped Green Onion

**STEP 1**  
Mix all the marinade ingredients in a bowl.

**STEP 2**  
Add the sliced beef and mix well.

**STEP 3**

#### STEP 3

Lightly coat the patties in the dehydrated potato flakes and cook in a pan with the avocado oil over medium-high heat until the patties are golden brown (approx. 2-3 minutes per side). Remove from the pan and keep warm until ready to serve.

#### STEP 4

For the salad, combine the ingredients in a bowl and toss until combined (be careful not to break up the crab meat). Allow the salad to marinate for about 5-7 minutes before serving. For best results serve when the salad is ice cold and the potato cakes are piping hot.

#### STEP 5

To plate, arrange 3 small potato cakes on a plate and top each one with a small amount of the green papaya and snow crab salad.
